Duration: Six Weeks

Contact Hours: Meets minimum FLAS requirements

OSEA Immersion-Based Intensive Maya Courses are eligible for FLAS Funding

OSEA Maya Immersion Language Field School

The Open School of Ethnography and Anthropology

OSEA is located in the Maya community of Pisté, Yucatán, México. Pisté is a town of 5,000 persons situated within walking distance of the archaeological ruins of Chichén Itzá. Pisté is the service center for tourism at Chichén. In close proximity are a half dozen smaller towns and villages – including Yaxuna, Xocenpich, Xkalacoop, Yokdzonot, Popolá – that form the socio-economic periphery of Pisté-Chichén. This unique setting provides a valuable mix of rural and urban life, linguistic purity and diversity, as well as traditional and multicultural Maya in which OSEA students experience and learn through cultural and linguistic immersion.

OSEA MAYA IMMERSION LANGUAGE FIELD SCHOOL

OSEA Field School is based on LANGUAGE IMMERSION in Maya speaking communities & families.

OSEA teaches students how to make the most of hands-on, immersion experience by teaching them not only the basic elements of Maya language, but also the tools derived from ethnographic fieldwork by which to create on-going self-directed learning through linguistic immersion. The OSEA Language Program builds on daily classroom learning combined with structured methods that students use to initiate patterned, systematic learning in everyday speech situations and immersion contexts. These methods focus on student elicitation of vocabulary and communicative speech from native speakers. OSEA provides students tools to: learn how to initiate and sustain situated discourse; develop conversation on abstract issues; elicit, record and analyze genres of story-telling; develop meta-conversation with native speakers about Maya grammar and language use; create on-going field dictionaries; use native speakers as language trainers to check meanings and syntax in recorded materials; create archives of recordings with translations and transcriptions for continued learning. Course materials include Chicago Spoken Maya audio tapes and text, Maya-English & Maya-Spanish dictionaries, and OSEA Maya Learning Tools developed by Prof. Castañeda and used in his Maya courses at Indiana University.

OSEA uses ACTFL Proficiency Assessment Criteria for pedagogy and evaluation of competencies

<i>Course Components (5 days/week)</i>	Level 1	Level 2	Level 3
Classroom Based Language Course Coursework	4 hrs/day 120 contact	3 hrs/day 90 contact	2 hrs/day 60 contact
Language Lab Contact Hours Translation & Transcription of student recorded speech; drills w/native speakers	2 hrs/day 30 contact [total 60]	2 hrs/day 30 contact [total 60]	2 hrs/day 30 contact [total 60]
Field Based Language Practicum Structured learning assignments with native speakers in language immersion contexts.	1 hr/day 15 contact [total 30]	2 hr/day 30 contact [total 60]	4 hr/day 60 contact [total 120]
6 Credit Hours, Total Contact Hours	165	150	150

Instructional contact hours: Language Lab hours and Field Based Practicum hours are calculated at 2:1 ratio Classroom Contact.

Eligibility: Undergraduate students and Graduate students with any Major
Requirements: GPA of 2.5 Completion of Freshman year of college or university. No prior coursework or knowledge in Maya language is necessary for **Level 1 Maya. Level 2, & Level 3** require entrance placement exams or other proof of competency

OSEA accepts student awarded FLAS:

Apply for summer FLAS grants at your home university's Latin American Studies Center, available for Grads & Undergrads

Non-FLAS eligible students can apply for the Castillo Cocom Tuition Reduction Scholarship (variable award value)
